ANNUAL REPORT 2014/2015

PROJECT**ANGEL**FOOD

A WORD FROM OUR LEADERS

After celebrating our 25th year of service, one observation stands out among all others: that Project Angel Food was built on a culture of love and compassion, and that is what has nurtured its growth all these many years.

Standing on the shoulders of our founding generation and their poignant response to the health crisis of that time, we continue to support those less fortunate than us in their time of crisis. Thanks to a committed staff, impassioned volunteers, and a deep belief in our mission, Project Angel Food has recently crossed a milestone; serving over 9 million meals to our vulnerable neighbors in need. Since our founding, more than 18,000 people, dependent on steady nourishment, have been served by Project Angel Food.

This year alone, we have cooked and delivered meals to over 2,000 people across all of Los Angeles County who count on us for their sustenance and rely on us for their nutritional needs. These people we proudly feed are battling illness and also severely limited in resources. Many live alone and have no one but us to shop or cook for them. Many are aging and struggling with chronic illness. All are coping with the daily struggles of life as they try to return to health.

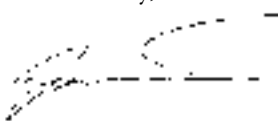

Food is Medicine, and that is why our dietitians and chefs

focus on creating nutritionally-based and medically-tailored meals specific to our clients' medical condition. Strengthened by one-on-one nutritional counseling and ongoing education, our home-delivered meals have become a vital service in long term health care support.

It is enormously satisfying to know that you are making a difference. And we are. In addition to the eyes-on updates from our drivers, our client surveys report positive findings: 97% of our clients report having improved health. 96% report their nutritional needs are being met. 100% agree the staff treats them with respect. Physicians and case managers tell us that our clients consistently respond positively to the nutritional counseling we provide, which helps them make healthy food choices when they transition off our service.

That's the impact we are making and the difference you are having by supporting Project Angel Food. Thank you all for your donations, your volunteer service, and your ongoing commitment to feed and nourish our neighbors in need.

Sincerely,

Joe Mannis

ABOUT US

Project Angel Food has served the critically and chronically ill in the Los Angeles community since our inception in 1989. Today, we prepare and deliver more than 10,000 meals every week to people too sick to shop and cook for themselves.

Over this time, Project Angel Food has grown to serve as a reliable lifeline for those diagnosed with serious diseases. We're the trip to the store, the meal planner, the nutritional advisor, the cook and the smiling face who delivers meals right to their doorstep.

We focus on healing with strength and dignity, operate with the knowledge that food is medicine, and deliver to our clients without fail.

OUR MISSION:

Feed and nourish the sick as they battle critical illness with nutritious meals that alleviate hunger, prevent malnutrition and return our clients to health, delivered free of charge to homes throughout Los Angeles County.

OUR ORGANIZATION

Project Angel Food works to serve those who suffer from critical illnesses in the Los Angeles community. Research shows that food is medicine, and our on-staff dietitians create meal plans tailored to each person’s specific disease and medical

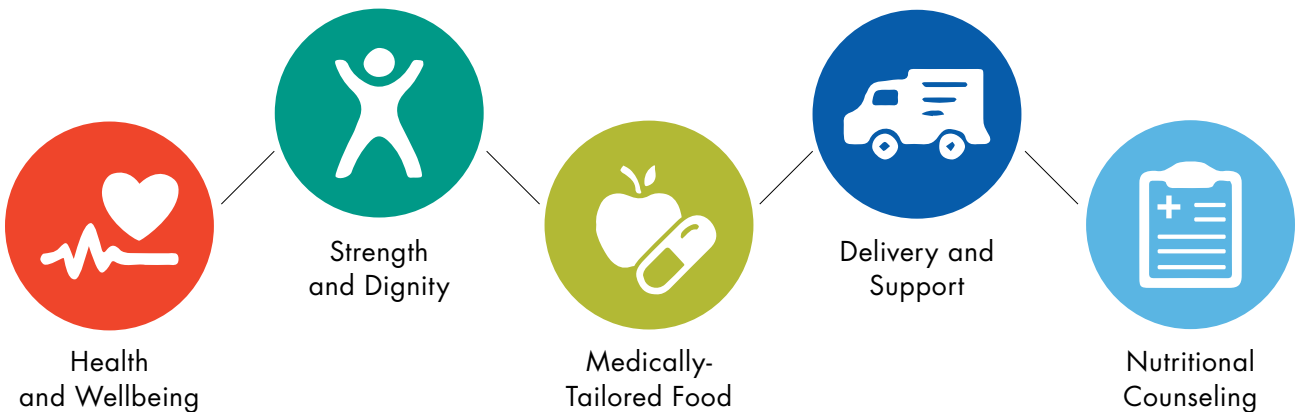

treatments. Vans are then loaded with this life-sustaining food for delivery across Los Angeles County every morning.

Our objective is simple: Prepare Food, Deliver It, and Save Lives.

Core Values

Five Key Initiatives

OUR URBAN GARDENS

Two donated community lots grow fresh organic fruits, herbs and vegetables for our clients. No chemicals, no synthetics. Just real, nourishing food.

OUR KITCHEN

To prepare more than 10,000 medically-tailored meals each week, a passionate team of full-time chefs, interns, externs and volunteers accommodate 21 different, medically-prescribed meal plans. And we have the space to expand our kitchen three times over...that's more than 1.5 million meals a year!

OUR DELIVERIES

Did you know that our food delivery drivers are the only people some clients talk to all week? And these are only a fraction of the potential clients we could reach in the Los Angeles County. With more resources, we can both triple our deliveries and stop to chat with more people than ever.

For life, for love, for as long as it takes

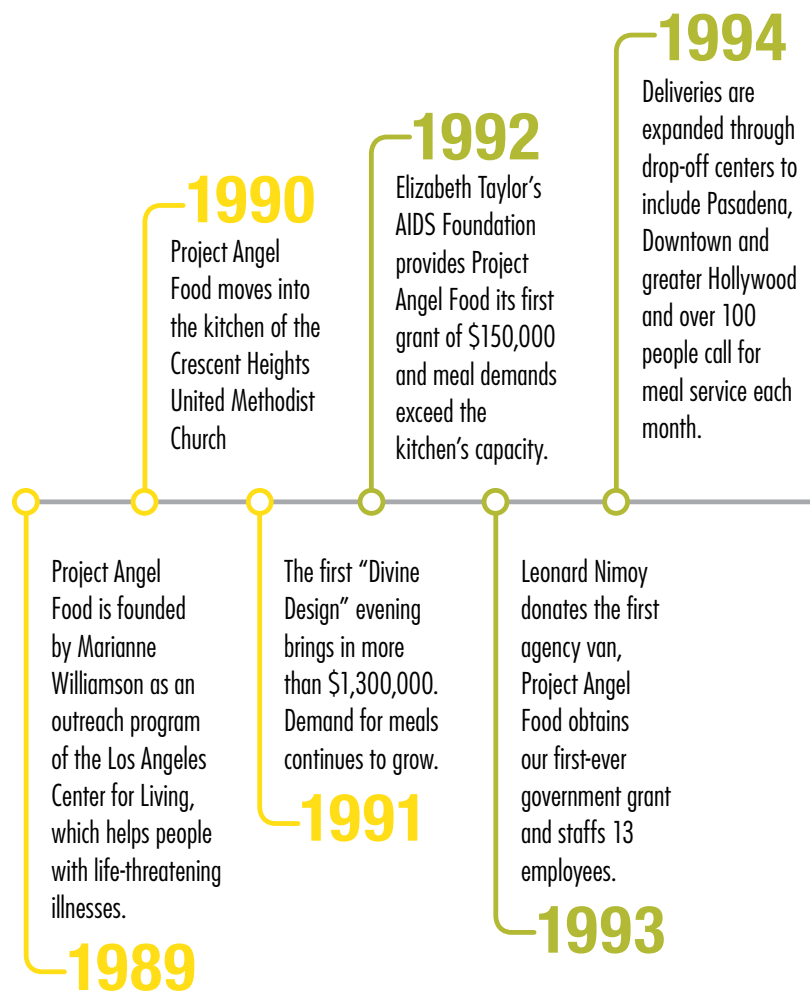

Project Angel Food was created in 1989 by a group of compassionate volunteers compelled to feed and nourish our community that suffered in silence from malnutrition and the ravages of critical illness—most prominently caused by AIDS and the HIV virus.

Today, Project Angel Food celebrates over 25 years of uninterrupted service to our neighbors homebound by life-threatening illnesses, including cancer, congestive heart failure, COPD/emphysema, diabetes, end stage renal failure, stroke/ cardiovascular accident and HIV/AIDS. Through partnerships with local educational institutions, community gardens, companies, government agencies and foundations we have grown from an end-of-life resource to a critical health and wellness ally.

HISTORIC MILESTONES

“It’s critical, I live because of it. I have cancer so when they’re doing operations and stuff like that I literally cannot eat anything else except for this. I could not live without this.”
— Client, diagnosed with cancer.

2001

665 new clients enroll in our meal delivery program, 48 volunteer orientations train more than 724 new volunteers. Over 2.5 million meals have now been served.

2006

Wallis Annenberg makes a \$500,000 leadership grant and Project Angel Food expands capacity by purchasing a new state-of-the-art facility.

2008

Our new kitchen receives a perfect 100% score from the Los Angeles County Department of Health.

2012

Feed beads are created for sale at our events to provide supplemental income. Our 8 millionth meal is served.

Our 2 millionth meal is served. Records show over 20,000 people have volunteered.

1999

Our scope of work expands to serve clients struggling with all types of critical and debilitating chronic illnesses.

2004

Official opening of the new Project Angel Food headquarters building on Vine Street in Hollywood coincided with delivery of the 5 millionth meal.

2007

Our Project Angel Food Garden Initiative is launched, making use of community gardens and vacant plots donated by landowners to grow fresh, organic produce for our meals.

2010

PROJECTANGELFOOD

We celebrate our 9 millionth meal served and 25 years of service to our community.

2014

OUR IMPACT

Now that we've passed our 25th year, Project Angel Food's impact on the community is unmistakable. In serving the ill for as long as it takes, we have maintained an extensive record of accomplishments. Most importantly, we've made a tremendous impact in the lives of those who need help most.

Our Clients

Among Project Angel Food's clientele are some of the most ill and in-need throughout the Los Angeles region. These brave, struggling people and their families fight every day against daunting odds to survive relentless, aggressive life-threatening illnesses. Project Angel Food is committed to ensuring that they do not fight alone.

OUR VOLUNTEERS

Volunteers and Interns

Project Angel Food is 80% volunteer-driven, with a core group of 1,500 volunteers donating their time, energy, and skills to Project Angel Food on an ongoing basis. These giving people are united by a common goal: to provide nutritious and delicious meals to their most vulnerable neighbors.

Our volunteers are our greatest advocates, and their tremendous acts of generosity promote Project Angel Food's purpose at every level.

Project Angel Food plans to offer our volunteers even more opportunities in the upcoming year, including developing corporate volunteering programs, and establishing a Volunteer Speakers Bureau to do outreach and presentations at health fairs, clinics and community centers.

We have volunteers who started when they were in high school or college and they keep coming back or they become donors. You know that if they care when they're 17, they're certainly going to care when they're 30.

– Holly Fishbein, *Volunteer Services Coordinator*

OUR COMMUNITY

We're trading high-fives at Dodgers games, selling pumpkin pies for Thanksgiving, setting up art galleries and pop-up clothing shops, bowling spares and strikes in the next lane, and celebrating our successes with neighbors all year long.

After all, our community is family, and we're always there for family.

Thank you for the birthday bag I received today, I loved the drawings on it by Samantha, age 11. The drawings really touched me. In fact, they made me cry. Thank you.
